Objective

I'm a motion graphic designer and video editor specializing in digital media and broadcasting with 9 years of experience. I am seeking a valuable and challenging opportunity in online media or broadcasting where I can fully utilize my advanced skills, education, training, and experience.

Computer/Technology Skills

- **Motion Graphics & Animation:** Adobe After Effects CC, Adobe Premiere Pro CC, Cinema 4D, Octane Render, Redshift, Unreal Engine.
 - **Graphic Design & Data Visualization:** Photoshop, Illustrator, InDesign.
 - **Video Editing & Post-Production:** Adobe Audition CC, Runway AI, Basic Camera
 - **AI & Automation:** Midjourney AI, ChatGPT, RUNAWAY
 - **Productivity & Workflow:** Word, PowerPoint, Excel, Mac & Windows OS
-

Summary of Qualifications

- **Experienced Motion Graphic Artist & Video Editor** with **9 years** in digital media and broadcasting, specializing in **newsroom graphics, motion design, and visual storytelling** for fast-paced environments.
 - Strong expertise in **designing and animating data visualizations, charts, maps, and breaking news graphics** for **broadcast, digital, and social media platforms**.
 - Proficient in **Adobe Creative Suite (After Effects, Premiere Pro, Photoshop, Illustrator)** and **Cinema 4D**, with a deep understanding of **motion design, typography, and animation workflows**.
 - Proven ability to work **under tight deadlines**, delivering high-quality, engaging visuals for **social media content**.
 - Skilled in **building motion graphics templates** for streamlined newsroom production and enhancing efficiency in daily editorial workflows.
 - Strong knowledge of **news production workflows**, including working alongside **journalists, producers, and assignment desk editors** to craft compelling visual elements.
 - Bilingual in **English and Arabic**, ensuring effective communication and collaboration in a global newsroom setting.
-
